**MEXICAN TRADITION**

INTRODUCING  
**MAYA**  
COLLECTION

Maya architecture is one of the most unique architectural styles ever discovered in ancient civilizations. The Maya people created some of Mesoamerica's most beautiful art. They decorated their structures with a range of materials, including stone, wood, clay, jade, and bone, and created things that were either sacred or fulfilled a specific function. The Maya's identity are among the most remarkable works of art.

# ABOUT US

Imperio is here to entice you with shades of cheerfulness and simplicity. Amaze your kitchens, bathrooms and wardrobes with an exhaustive range of colourful solids that reflect elegance.

Nurture your dream homes with plain hues and breath in the freshness of minimalistic ambiances to flaunt sophistication in every corner. We, at Imperio, not only believe but also follow a customer centric and customised approach that caters to multiple needs. Over years of consistent growth, we have paddled our ways to become a premium choice in lamination industry. The faith and trust of our consumers is what keeps us driving for expansion. We usher on creativity and deeply value our people, processes and products.

To deliver the best, we believe in industrious teamwork and collaborative approach. Offering creative surface solutions persistently has kept us exceptionally artistic, passionately yielding and technically innovative as per our core principles. Our brilliant team of interior designers and architects is our core support system and strength for exceptional results.

## VIEW OF PRODUCT

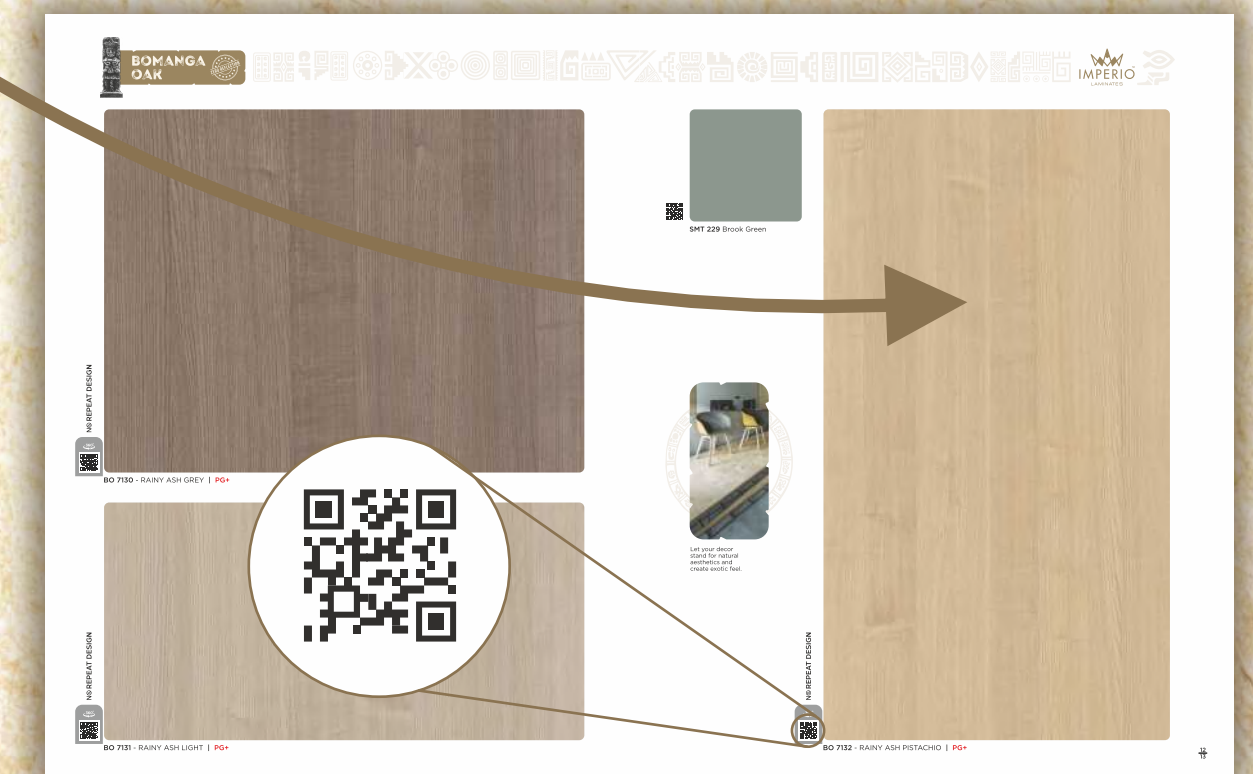

You will eventually need laminate sheets whether you are simply renovating an old house or creating one from the ground up. Nowadays, people feel a desire to connect to their homes on both an emotional and practical level. The biggest issue is choosing laminate for your spaces because it's unclear how it will actually look. To solve this, we offer a solution with a 360-degree view of our every laminate, which gives a true sense of how it will look as an application.

FOR MORE DETAILS  
SCAN QR CODE

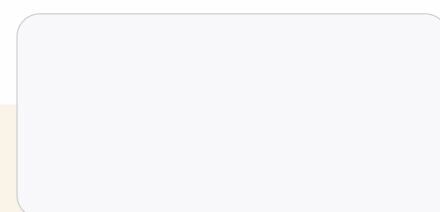

## SCAN QR FOR LIVE APPLICATION

Laminates are materials that comply to the standards of functionality while also providing homeowners with an aesthetically appealing quality. Here, you will find a unique QR code with each designs, once being scanned by your mobile device it will allow you to see a 360 degree visualisation of your chosen laminate design, making your selection process even easier and amazing.
